

March 23, 2020

Valued Customer,

Please know that Accurate Plastics is considered an essential business given that we serve several of the qualifying essential infrastructure and manufacturing sectors exempt under both the New York State Executive Order 202.6 enacted to address the COVID-19 outbreak and the Massachusetts State COVID-19 Order No. 13.

Both of our manufacturing facilities, Yonkers, New York and Falmouth, Massachusetts, will stay open at 100% capacity to serve you and your customers. We do not anticipate any impacts with inventory or shipping to your locations at this time.

We will continue to closely follow the guidelines set forth by the Center for Disease Control.

Please contact me with any questions.

Thank you,

A handwritten signature in black ink, appearing to read 'Max Egan', followed by a long horizontal line extending to the right.

Max Egan
CEO, Accurate Plastics
